Ten Graphic Novels Intermediate Reader

“Flying Beaver Brothers” series
By Maxwell Eaton III
J GRAPHIC EAT

Ace loves adventure and extreme sports! Bub loves napping... and more napping. But when they have to band together, the flying beaver brothers will get the job done! Join them on their hilarious journeys.

“Lunch Lady” series
By Jarrett Krosoczka
J GRAPHIC KRO

While the kids at school wonder what their cafeteria’s lunch lady does when she’s not there, they couldn’t imagine the truth. Join this unique superhero in her quest to serve out justice.

“Zita the Spacegirl” series
By Ben Hatke
J GRAPHIC HAT

Zita’s best friend was abducted by alien doomsdayers! When she heads off on a rescue mission she gets into all sorts of adventures. Her story continues in a series.

“Frankie Pickle” series
By Eric Wight
J GRAPHIC WIG

Discover the witty Indiana Jones of graphic novels in this series. Frankie Pickle and Argyle have tons of adventures, but what about the CLOSET OF DOOM?!

“The Adventures of Tintin” series
By Hergé
J GRAPHIC HER

If you’re interested in where graphic novels started, try Tintin. He is a young reporter who gets involved in dangerous cases throughout his travels.

“Coral Reefs”
By Maris Wicks
J GRAPHIC 577.789 WIC

Learn about how important these awesome animals (yes, animals!) are in this installment of Science Comics. Wicks’ rendering of them is also adorable.

“Babymouse” series
By Jennifer L. and Matthew Holm
J GRAPHIC HOL

In Babymouse’s mind she is Queen of the World! But in real life it’s not quite so great. Her dreams are big, but her whiskers are always a mess. See if she gets invited to that super exclusive slumber party!

“Graphic History” series
By Various Authors
J GRAPHIC non-fiction

The accessible text and eye-popping artwork bring history to life. Covering a wide range of topics, the Graphic History series offers an appealing alternative to traditional text format.

“Squish” series
By Jennifer L. and Matthew Holm
J GRAPHIC HOL

Squish is an amoeba just trying to find his place. He loves books, twinkies, and he’s a great friend. But there are bullies at school that he has to avoid. Can he keep his friends and himself out of trouble?

“Max Axiom” series
By Various Authors
J GRAPHIC non-fiction

Max Axiom is a super scientist with superhero abilities. Not only that, he knows how to explain science in a way that brings it to life. For fans of the Magic School Bus series.
